

MAXCLEAR® GRAFFITI CLEANER

PAINT REMOVING PRODUCT FOR THE ELIMINATION OF GRAFFITI

DESCRIPTION

High concentration and surfactant cleaner gel, formulated for the elimination of paint and graffiti.

USE

Elimination of graffiti over mineral substrates.

ADVANTAGES

- High penetrating power, being able to get through several layers of paint or coating.
- Does not contain acids or alkalis.
- Low evaporation index, increases its effectiveness preventing the paint from bonding again.
- Quick acting. Reduces the scraping, sanding, brushing with wire brush or shot blasting.
- Surfactant, easily dissolves paints.

APPLICATION

The application surface does not require any previous treatment. **MAXCLEAR® GRAFFITI CLEANER** is applied by brush, roller or spatula over the surface to be cleaned. A thick coat must be applied, both on horizontal and vertical surfaces.

After allowing the **MAXCLEAR® GRAFFITI CLEANER** to dry between 10 to 15 minutes, it is eliminated with spatula, water blasting or wire brush. In case the elimination of graffiti or paint has not been complete, the procedure can be repeated as many times as necessary.

After cleaning with **MAXCLEAR® GRAFFITI CLEANER**, it is advisable to coat and protect the surface with the anti-graffiti protection **MAXCLEAR® GRAFFITI**. Allow the surface to dry well and clean again.

After application clean the tools with abundant clean water.

COVERAGE

Approximately 3 m² per litre of product, or 2,6 m² per kg.

PACKAGING

25 kg drums and 5 kg cans.

STORAGE

MAXCLEAR® GRAFFITI CLEANER can be stored for one year in its original unopened containers, tightly closed.

SAFETY

- Avoid contact with the skin and eyes. Use appropriate clothing, rubber gloves and protective goggles and mask.
- Avoid inhaling (very toxic). Contains Methylene chloride.
- Keep away from fire and from the reach of children.
- In interior application provide adequate ventilation, using a mask when ventilation conditions are not satisfactory.
- Flammable.
- On hot days, separate from your face when opening the can.
- If it comes in contact with the skin, wash with abundant warm water and soap, in

case of contact with the eyes, wash thoroughly with water and get medical

assistance.

TECHNICAL DATA

Colour	Transparent off-white
Density (kg/l)	1,150 ± 0,05
Viscosity (mPa)	8,500 ± 2,500
